

*Metal has never been  
so flexible.*

Italy brings a 500-year heritage of creativity and innovation to the metalworking industry. When you buy Italian machinery, you're entering a partnership with the world's most highly skilled designers, engineers and manufacturers. The result is a smarter approach that combines sophisticated technology, flexible solutions and responsive customer service to meet your specialized needs and guarantee greater efficiencies on your production line – and your bottom line. Not surprisingly, Italy

has earned a reputation as a world-class manufacturer of metalworking equipment for companies ranging from Boeing to General Motors. So, whatever you make, Italian machinery will make it better.
