

*Fresh ideas for
keeping things fresh.*

Italy brings a 500-year heritage of creativity and innovation to the packaging industry. When you buy Italian machinery, you're entering a partnership with the world's most highly skilled designers, engineers and manufacturers. The result is a smarter approach that combines sophisticated technology, customized solutions and responsive service to meet your specialized needs and guarantee greater efficiencies on your production line – and

your bottom line. Not surprisingly, one out of every four packaging machines bears the words "Made in Italy." Because, whatever you make, Italian machinery will make it better.
